After 25 years the “New Wave” gets a “New Look”

Photo submitted

It's hard to believe the girls at the New Wave have been cutting and styling hair for twenty five years, but they have. Now in keeping with beautifying their customers, they have decided to give their building a new look, also. Melinda and Julie along with Melinda's husband, John, spent the weekend and all day Monday, August 25th diligently giving their building a fresh coat of paint.

The New Wave hair salon is owned and operated by Melinda Boshert, left, and Julie Moford, right. Besides offering cuts, colors, perms, and styles, the ladies give pedicures and offer tanning bed packages.

Focus on Augusta during Heritage Days weekend

The city of Augusta itself will be the focus of Augusta Heritage Days, which takes place this weekend August 29th-31st.

An Augusta History Exhibit is scheduled on Saturday afternoon, August 30 from 1 to 4 p.m. at the Chapel by the River. Memorabilia and treasures from Augusta's 217 year history will be on display, including Indian artifacts, civil war equipment, items made in or near Augusta, books, photos and a variety of local objects. Admission is free. Contact Caroline Miller (606-756-2151) to reserve a free display table for the afternoon.

In addition, there will be free, guided Trolley Tours of Underground Railroad and Battle of Augusta sites on Saturday afternoon. Historian Rita Thomas will lead a tour of known Underground Railroad sites in town at 1 p.m. and 3 p.m. while local expert Bill Baker will show Battle of Augusta sites and describe how the battle happened at 2 p.m. and 4 p.m. Each trolley tour is about 30 minutes. The trolley will board at the Rotary Town Clock at Main Street and Second Street.

The Augusta Art Guild will feature “Art of Augusta” at the gallery on Main Street. Paintings of places in Augusta as well as work by local artists will be on display. Some artwork may be available for purchase. The Art Gallery will be open from 1 to 4 p.m. on both Saturday and Sunday. Please contact Guild President Leah Frederick for further information.

The City of Augusta has been identified by the late Dr. Thomas Clark, Kentucky's most famous historian, as one of the top eleven places where visitors can experience Kentucky's finest cultural heritage. Augusta Heritage Days provides a great opportunity during the Labor Day weekend to visit historic Augusta, either for the first time or to see old friends. Augusta's interesting shops and excellent restaurants will be open and the ferry boat will be operating from 8 a.m. to 7:45 p.m.

Light Up Brooksville set for Sat., Dec. 6th

The Light up Brooksville celebration and parade will be held Sat., Dec. 6. This year's theme is “Favorite Christmas Melodies”. The committee is encouraging all churches and merchants, schools, clubs, teams and everyone else to have a presence in the parade in some way. Your presence can be as simple as a vehicle decorated and playing your favorite Christmas melody or an elaborate float. Contact the committee of Sara Carl, Tim Boyd, Karen Moser, Roger King, or Tom Cortner for ideas if you like. The committee would like to add activities to the day. A supper, perhaps a fund raiser, to round out the day. Let Tom know about your ideas at 606-735-3239.

Take the next step toward Work Readiness

The Bracken County Work Ready Community Committee will meet at 6 p.m. on Tues., Sept. 9, in the Courtroom of the Bracken County Courthouse to begin the process of becoming a Work Ready Community. Being Work Ready is demonstrating that we have a quality workforce in place, in hopes of attracting new businesses, gaining a competitive edge over surrounding communities, helping existing companies grow and add new jobs, recruiting creative, talented, and innovative people, and revitalizing our economy.

They must have the support of the county to help apply for this program, as they demonstrate they have a plan to meet all the criteria to be Work Ready—High School Graduation Rate, National Career Readiness Certificate (NCRC), Community Commitment, Educational Attainment, Soft Skills Development, and Internet Availability. By identifying both the needs of businesses and the available skills of Bracken County, and Kentucky's, workforce, they can more effectively generate the right talent for the right jobs!

Help Bracken County take the next step to being a Work Ready Community.... attend the September 9 meeting to see what you can do to help!

For more information, contact Earl Bush, Bracken County Judge Executive, at 735-2300 or by email: brackenjudget@windstream.net.

Games, fun and fellowship enjoyed at Family Fun Night in Brooksville

Despite the sweltering August heat on Saturday, August 23rd, a nice crowd attended the Family Fun Night event in Brooksville. The City of Brooksville, Tiger Football, and the Bracken County Public Library joined forces to create a family friendly day that could be enjoyed by all ages. Several local organizations were on hand selling food, sports related items, and giving away little prizes throughout the day. Laughter and shout out to friends could be heard coming from the two bouncy houses set-up on the courthouse lawn. And many intricately painted faces by the Bracken County Band Boosters, could be seen enjoying the activities of the day.

The kids enjoyed competing against their friends and winning ribbons in such contests as the frozen t-shirt contest, seed spitting contest, and the football toss. Undoubtedly the most enjoyed event of the day was the dunking booth. The kids liked not only throwing the ball to try to dunk the adult brave enough to sit in the booth, but also standing close to the tank and feeling the refreshing water splash all over them as the seat gave way sending water over the edge of the tank. Adam Reed is shown above taking his turn in the dunking booth.

After the games were completed, participants traveled the short distance to the Bracken Co. Library to watch “The Game Plan” starring Dwayne “The Rock” Johnson while enjoying popcorn, drinks, and the much appreciated air conditioning.

Thoughts and Meditations from the Scriptures

GETTING OUT OF GOD’S WAY

The late writer Flannery O'Connor kept a devotional journal when she was in her twenties and a student at the Iowa Writers' Workshop. It has recently been published under the title A Prayer Journal. O'Connor was a fervent Catholic and her journal is filled with interesting reflections on spirituality, as well as writing, which she saw as a way to express her spirituality and hopefully lead others to God. She laments early on that "I do not know you God because I am in the way. Please help me to push myself aside." Throughout the journal we witness an earnest young woman struggling heroically to be more pious, and striving to get out of God's way, i.e., how to get rid of the ego and let God fill up the space. Her simultaneous struggle to destroy the ego while seeking literary fame is sometimes the focus of her reflections, as when she says "Don't let me ever think, dear God, that I was anything but the instrument for Your story, just like the typewriter was mine." God desires to work through all of us, through our words and our deeds, if we can only get our egos out of His way.

- Christopher Simon

For we are God's handiwork, created in Christ Jesus to do good works, which God prepared in advance for us to do. - Ephesians 2:10

FIRST BAPTIST CHURCH OF AUGUSTA by *Rita Bradford*

Hello & God's Blessings from The First Baptist Church of Augusta. Brother Tony's sermon was taken from Luke Ch. 5 vs.17-25 it was titled "Jesus, The Only True Hope". We tend to put our hope in things of this world, but Jesus is our only true hope!

Missionaries from Uganda visit St. Augustine School

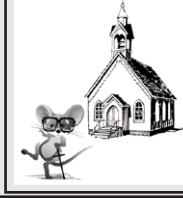

Pictured with the visitors are the second and third grade students (from left to right): Emma Kiskaden, Owen Johnson, Jackson Gaunce, Austin Kiskaden, Noland Young, Jacob Lang, Grayson Miller, Kenyon Hughes, Delaney Bradford, Cora Bradford and Nicholas Mains.

Photo submitted

St. Augustine School hosted visitors from a Catholic mission in Uganda. Father Tuhairwe Herman Kamlage, Sr. Delrita Glaser and Sr. Janet Stamm met with the students and explained their work as missionaries.

In 1995, Sr. Janet and Sr. Delrita moved to Uganda with only the clothes on their back and faith in God that they could make a difference. From there, they organized a Catholic mission and over 18 years, built a preschool, grade school and high school. The Sisters have retired from their work in Uganda and now travel locally to speak of the needs of the children in Africa.

Chatham Christian Church Church Mouse

On this beautiful Sunday, August 24, we had 50 to SS and 89 to worship service. May all that entered God's House love and serve Him daily.

Our special today was by Homer Burton. He blessed us by playing the guitar and singing "I'm Counting On You".

Bro. Jackie's message was "Moving Toward Maturity in Faith". We have a Devine Leader. We need to keep our trust and faith in Him.

Remember in prayer: Billy Coleman will have cataract surgery this week. We were glad to have Larry Haase back with us today. Colby Davis will be home in a few weeks. Keep John Cooper, Butch and Gayle Sutton (he starts chemo this week), Verna Tilford, Betty McElfresh, Sis Garrison, Mary Jo Ginn, Jerry Tucker, and each name on the prayer list in prayer. Always remember each other. Ollie Wood has been in the hospital. He is back to Bracken Center. Keep him and his family in prayer. Christian love and sympathy goes out to the families in the passing of their loved ones.

There was 18 to Bible Study. Bro. Jackie led us as we studied Luke Chapter 3. Barb and Wilkie Wood had delicious refreshments.

PRESBYTERIAN POTPOURRI by *Les Grooms, pastor Augusta Presbyterian*

We were back this Sunday after a week of vacation. The highlight of our vacation was a hundred mile trip up the Mississippi river to Dubuque, Iowa. We ate three meals on the riverboat, listened to some great music, and spent time visiting with some old friends and made some new friends.

We are now studying about the Book of Ephesians in our adult Sunday School class.

Millie Bush led the worship service, Susie Hargett led the singing, and Miranda Claypool had children's church. There were 55 in attendance for worship.

Our soup supper will continue on Monday night. We experimented with menu varieties for a few weeks but we now are going to emphasize soup, grilled cheese sandwiches, salads, and desserts.

I understand that Jay Pritchard is going through rehabilitation as a result of his auto accident. He may be out of commission for a while but I understand he is calling the Riverside Tractor Sales quite frequently. It is hard to keep a good man down.

Phil Rice of the Parkview Restaurant is still in the hospital.

We send prayer shawls to those who are ill and we prayed over and sent out three prayer shawls this Sunday morning. There is a lot of sickness in our community and we need to continue to pray for the sick.

We are continuing to work getting bids for a new roof for our sanctuary.

Eye to Eye

with David Blandford, M.D.

BOOMERS GETTING CATARACT SURGERY SOONER

According to the National Eye Institute, nearly half of all U.S. adults either have a cataract or have undergone cataract surgery by age 80. However, increasing numbers of Baby Boomers are not waiting that long to have their clouded eye lenses surgically removed and replaced with clear, manmade, intraocular lenses. The reason behind this earlier surgical intervention has to do with the fact that many people begin developing cataracts in their forties. Once they become aware that their symptoms of hazy vision and glare from lights are caused by cataracts, they choose to do something about it. Thus, more patients in their 40s, 50s and 60s are electing to undergo cataract surgery instead of waiting.

Surgery is the only way a cataract can be removed. You should consider surgery when cataracts cause enough loss

of visions to interfere with your daily activities. If you are experiencing any of these common cataract symptoms, you should be evaluated by your ophthalmologist. At **KENTUCKY EYE INSTITUTE**, we recommend timely screening for the early detection and treatment of eye and vision problems. Our goal is to provide you with compassionate, quality, convenient, affordable eye care while giving you the personal attention you deserve. Please call **606.759.7883** or **800.658.7282** to schedule an appointment. We’re located at **1937 Old Main St., Suite 1, Old Washington**. We specialize in “EYE CARE FOR ALL AGES.”

PS. Undergoing cataract surgery is a personal decision that varies according to the individual. When you decide that your cataract-impaired vision is not sharp as you would like it to be, it’s time.

New Veterans Benefits Office Opening in Mason County
Beginning Sept. 11, 2014
 Next month, Mason County will become the latest Kentucky county with in-person benefits assistance to local veterans and their families.

“We want to ensure that every veteran in Kentucky has access to a benefits counselor close to home,” said Heather French Henry, commissioner of the Kentucky Department of Veterans Affairs (KDVA). “This new office makes it easier for Mason County veterans to get that assistance.”

Commissioner Henry also thanked Mason County Judge-Executive James Gallenstein and Rep. Mike Denham for their leadership in proposing and obtaining space for the new office.

On the second Thursday of each month, beginning Sept. 11, veterans can meet Veterans Benefits Field Representative Penny Lawson to get answers, help with claims and referrals to other assistance. The new office will be inside the Maysville Health Department at 130 E. Second St. in Maysville, and will be open from 9 a .m. to 2:30 p.m.

“I’m just excited to be able to provide the space so veterans have the opportunity to stay local and get the information they need without having to travel,” said Allison Adams, public health director at the Mason County Health Department. “More importantly, I’m excited to let them know that their health department is trying to be responsive to the needs of our veterans.”

Until Sept. 11, veterans and their families can reach Ms. Lawson in her Mount Sterling office by calling 859-497-6444 or emailing Penny.Lawson@ky.gov

Strength Training Program For Women! Sept. 8th

The Bracken County Health Department will be offering the Strong Women Program, a 12-week strength training/exercise program for middle-aged and older women. The class will meet on Monday's and Wednesday's, beginning on September 8th from 10:00 am to 11:00 am, here at the health department. Class will be limited based on available weights and dumbbells. If you have leg weights and dumbbells you can use them in the program. This is a fun FREE program!

The Strong Women Program was developed by Miriam Nelson, PhD, an associate professor at the Gerald J. and Dorothy R. Friedman School of Nutrition Science and Policy at Tufts University. The Strong Women Program is based upon years of research on how strength training and proper nutrition improve the health of women of all ages. "Strength is a critical factor in living healthier, more active lives. Our research shows that a program of strength training not only improves bone density but reduces falls, improves arthritis symptoms, and increases flexibility and strength," states Dr. Nelson. The program is appropriate for both sedentary and very active women.

For more information on the Strong Woman Program and to register please contact: Donna at 606-735-2157 ext. 225.

SOURCE OF TITLE: Being the same property conveyed to Dennis Gibson and Carol Gibson, husband and wife, by deed from Larry Joe Ashcraft and Judy Ashcraft, husband and wife, dated June 20, 1992, recorded June 22, 1992, at Deed Book 127, Page 342, Bracken County Records.

The property shall be sold to the highest and best bidder(s) and said purchaser shall be required to pay cash or the sum of ten percent (10%) of the bid price in cash deposit with the balance of the purchase price to be due and payable in cash or certified funds, within thirty (30) days from the date of sale. The purchaser shall be required to execute a bond, with good and sufficient surety, bearing interest at the rate of 12% per annum from the date which is thirty (30) days following the date of sale, until paid, and payable to the Master Commissioner.

The purchaser shall have the privilege of paying all or any part of the purchase price or paying said bond before maturity by paying the balance of the principal together with all accrued interest thereon. If the total purchase price is not paid in cash, the required deposit shall be applied to any expenses incurred by a default of the purchaser. Provided, however, in the event a party of this action is the successful bidder at the sale of the property by the Master Commissioner, then the said party, upon payment of the court costs and sale expenses and any liens or judgments that have been given priority herein over the lien and judgment of said successful bidder/party, shall have its bid credited against its judgment herein.

If the purchaser(s) fails to comply with the terms of the sale then, in such event, the Master Commissioner shall immediately resell the property upon the same terms and conditions as set forth herein, excepting only any necessary changes in the time and date of sale. Possession of the property herein sold shall be given to the purchaser after payment in full of the purchase price and confirmation of the sale by the Bracken Circuit Court. Pursuant to the Judgment herein, the purchaser shall be required to assume and pay all ad valorem property taxes assessed against the property for 2014 and all subsequent years thereafter. The title interest of the parties to the lawsuit will be conveyed without warranty by the Master Commissioner to the purchaser and the purchaser shall receive a deed to property upon payment of the purchase price in full (and costs of sale, if applicable) and after confirmation of the sale by Bracken Circuit Court, subject to any equity of redemption if the property does not sell for two-thirds of its appraised value.

Blue Mold Found in the Area

*By: Dr. Robert Pearce, UK Tobacco Specialist
Submitted by: David Appelman, CEA for ANR*

Blue Mold was confirmed on burley tobacco samples from Lewis and Mason counties on Aug. 18, 2014. Samples included multiple leaves with both older (at least 10-day-old) lesions and new lesions with active sporulation. Recent and forecast weather conditions and circulation patterns suggest that un-topped or recently topped tobacco crops in the area East of I-75 and North of I-64 are at significant risk for development of the disease. Un-topped or recently topped crops outside this area are at some risk for disease development (We have an unconfirmed report of Blue Mold in Jackson County so the warned area may expand). Crops that have been topped at least 7 to 10 days are at reduced risk for disease development. Note that given the suspected age of the lesions, the disease has been active for a while so we may see lesion development on recently topped tobacco that was infected prior to topping.

Treatment Options:

Apply Revus at 8 oz/A in enough water to achieve thorough leaf coverage. Drop nozzles are highly recommended to provide coverage to lower leaves. Applications may be made 7 to 10 days apart. Make no more

than 2 consecutive applications of Revus before switching to another fungicide with a different mode of activity. The pre-harvest interval for Revus is 7 days. For tobacco at topping or beyond, a single application of 8 oz/A will likely be sufficient. If conditions remain conducive for disease development younger crops may require two applications.

For crops that have not been previously treated with Quadris:

Quadris may be applied at 6 to 12 oz per acre in enough water to achieve thorough leaf coverage. For crops without active disease 8 oz per acre should be recommended. Where the disease is already appearing 10 to 12 oz per acre should be recommended. Drop nozzles are highly recommended to provide coverage to lower leaves. Do not make consecutive applications of Quadris. The pre-harvest interval for Quadris is 0 days, but it should be applied well before harvest to be effective in controlling the disease. For tobacco at topping or beyond, a single application of will likely be sufficient.

If you suspect Blue Mold in your tobacco, please contact the Bracken County Extension office to verify the disease. If you need more information on the control or treatment for Blue Mold, you can call our office at 735-2141.

TRASH TALK

by: Mr. Recycle Bin & Ms. Pick-Up Litterbug

606-735-9960

Howdy Folks! Labor Day Weekend is upon us and that means the Recycling Center will be closed this Monday, September 1 and it also means that the Recycling Trailers will not be emptied or rotated until Tuesday. The first Monday in September was set aside in 1894 to honor American workers for the social and economic contributions they made to create a better workplace for thousands upon thousands of workers. Through their combined efforts, safety regulations were established, the eight hour workday as well as the appropriate age for workers, eliminating young children from the workforce. It is because of the efforts of these workers more than a century ago, that most Americans get the upcoming Monday off from work. As with many of our holidays, Labor Day has changed and evolved over the years to become a very profitable adventure for those in the retail industry. Retailers now attribute sales on this holiday weekend second only to Black Friday! More Americans work in the retail industry than any other with retail employment making up 24% of all jobs in the United States! So what started as a day to celebrate workers and give them a day off has now become a day to not only work normal hours but overtime hours as well! If you are one of the fortunate workers to have Monday off, we urge you to enjoy it!

Recently we have had a few complaints regarding blowing trash from garbage cans without properly fitting lids. This can be considered a littering violation or it can also be considered a violation of Bracken County's Solid Waste Management Ordinance No. 87-002 which became effective on November 23, 1987. Section One of this Ordinance deals with all the definitions used in the ordinance, and Section Two explains Solid Waste

Storage from Section 2.1 through Section 2.7. Because space does not allow for the complete wording of this document, we will give you a condensed version, but if you need an unedited version, please let us know. Some of the items included require owners to provide sufficient and adequate containers for the storage of household solid waste and to maintain such solid waste containers at all times in good repair. So if your trash can has lost its lid and your trash is blowing around the neighborhood, you are in violation of Section 2.1 of Ordinance No. 87-002!

Other sections state that not only the containers, but the area surrounding them shall be kept in a clean, neat and sanitary condition at all times and stored in such a manner that will not provide harborage to rodents and vermin and will not create a fire hazard. Maximum capacity shall not exceed 35 gallons with the containers being leak proof, waterproof and fitted with a fly-tight lid, and shall be properly covered at all times except when depositing waste therein or removing the contents thereof. When filled, trash cans should not weigh more than 75 pounds. This 7-page document has a lot more information but we just tried to give the highlights and to introduce you to this ordinance.

It seems like today's world is filled with rules and regulations, but when folks don't use commonsense, laws must be enacted to force these individuals into doing the right thing. Most citizens are conscientious and want to live in an environment that is free of trash and these ordinances help ensure just that! Keeping Bracken clean in 2014 can also be attained by RECYCLING, REUSING and REDUCING to keep God's earth clean, green and beautiful! Be seen you – *Bin & Bug*.

Sports in Kentucky

by Bob Watkins

“... (even if) football is the only thing we have in common.” - Hunter S. Thompson

That time of year. Hazy, hot and humid, woolen blanket cast over the Bluegrass State this week.

Gardens gone to weed, corn browning higher up the stalk, and cadence of base drums from a high school marching band practice over the hill.

Except for harvest high hope and promise of pageantry in September, August is a sweltering frown. A hunker down month seen through a squint and dusty haze, hordes of insects, an itchy and biting nuisance.

Still, the pleasant hints of autumn are at the horizon.

√ Sounds: Whistles shrill, and hut-hut-hut, of course.

√ Aroma: BBQ, whiff of bourbon and the Keg, at the tailgate.

√ Colors: Greens give way to big blue (flags), Big Red (mascot) along with yellows, ambers and browns along the roadways.

√ Weather: Gratefully, first frost comes around October 17.

√ Quote for a season: Kentuckian Hunter S. Thompson said, “Football fans share a universal language that cuts across cultures and personality

types. A serious football fan is never alone. We are legion (even if) football is the only thing we have in common.”

Another college football season has its order of things.

Preseason polls. The Usual Suspects at the top Florida State and/or Alabama, then everyone else. But, at the end, a playoff.

The new order at home ...

Two of the Commonwealth’s three D-I affiliates play in new leagues. Louisville in ACC and Western Kentucky C-USA.

The old order: Kentucky will be the Southeastern Conference doormat again.

In random order, a few things to watch for and wonder about during another college football season.

1. The SEC Network will claim more of our time in front of a tube.

2. Verne Lundquist and Gary Danielson will make it all fun.

3. How Louisville fares playing a legitimate D-I schedule. In particular, Oct. 11 to Nov. 22 – Clemson, North Carolina State, Florida State, Boston College and Notre Dame.

4. If Louisville has success will anyone in River City say, “But, Petrino did it with Charlie Strong’s players.”?

5. How will the faithful show its colors at Western

Kentucky’s home date against Alabama-Birmingham, Oct. 4. The Hilltoppers could come home blank from Illinois, Middle Tennessee and Navy.

6. UK’s Patrick Towles makes his debut as No. 1 quarterback at Florida. Last time a native son signal caller opened in Gainesville his name was Tim Couch and final score was 65-0. 1996

7. Respect. How will Mark Stoops’ team fare with 50-50 calls on field by game officials? Leering eye of SEC Network might make a difference.

8. Louisville receiver Devonte Parker will be an All-American, but the Cardinals big noise could be linebacker Lorenzo Mauldin.

9. When Kentucky’s coaches need a “let’s show ‘em!” item to counter the predicted finish for the Wildcats in the SEC, will anyone try: “If you ain’t the lead dog, the scenery never changes.” (Lewis Grizzard)

10. At Kentucky, much talk of a high powered running game. Some of us want to see where the offensive front rates on the Omery Scale ... in the fourth quarter.

11. At Louisville, new starting quarterback Will Gardner is no Teddy Bridgewater. Sophomore Gardner is bigger and, in a new offense, could be better.

12. Rookie Matt Elam. A chance for defensive tackle rotation from get-go.

13. Kentucky chance for signature win in Stoops Era, at Florida, September 13. A week before Big Blue Madness ticket hand-out.

14. Kentucky pivot game, Mississippi State at home, Oct. 25. One week after basketball introductory.

Other things to watch ...

15. Kentucky. How synchronized: pass rush pressure and secondary defense.

16. UoFL place kicker John Wallace.

17. Best name: Prince Charles Iworah, starting cornerback at Western Kentucky.

18. Football purists simply have to hope for success for WKU first year head coach Jeff

Brohm.

19. Bowl games, 39 and a four-team playoff. Bowl bid chances? I think Louisville has a 70 percent chance, Western Kentucky 40, Kentucky 20.

20. Running back Damian Harris at Madison Southern High, progress and keeping him at home.

21. Bowling Green High won its season opener pushing to 45 wins in a row for coach Kevin Wallace’s Purples; Three undefeated seasons in a row and a hat trick of Class 5A state titles is incredible.

Third-longest streak in state history belongs to Wallace teams, five behind Louisville Trinity. And, the season open win was the 250th coaching win in Wallace’s career.

22. John Calipari. Not to be left out of any news cycle, any day, night or month, Kentucky’s coach guested on WFAN Radio radio two weeks ago. Host Mike Francesa told New York listeners what a “great recruiter and motivator” Calipari is, but “... but he’s not a good Xs and Os coach.”

Uh-oh. Calipari couldn’t let it go. His limo-sized ego drove him to cell phone into Francesa’s show apparently from the lobby. Calling himself John in Kentucky, Calipari disputed Francesa’s Xs and Os remark. “Don’t you know they call me Cal the Magician in Kentucky?”

Another insecure millionaire who would be pope.

23. Worth Repeating Dept. UK basketball rookie Karl Anthony Towns was not a member of the Dominican Republic’s basketball team in the World Cup in Spain this week.

“As much as it hurts to not be playing in Spain,” Towns tweeted, “I am a student-athlete first and committed to my studies at the University of Kentucky.”

COMMENT: Outstanding. Never mind that the University of Kentucky had already issued a statement saying it would not allow Towns to play.

24. Being honest may not get you a lot of friends, but it will always get you the right ones. – John Lennon.

ELECT STEVE ZWEIGART DISTRICT COURT JUDGE

I have been practicing law in the North Eastern Kentucky area, primarily in Bracken, Fleming and Mason Counties, for 22 years, and would like to take a moment to explain to you why I have the right experience, and am the best choice to be your next District Court Judge.

During the course of my practice, I have been involved in hundreds of District Court cases, working with people involved in all aspects of those cases. I've worked closely with victims and perpetrators, social workers, CASA volunteers, law enforcement, medical and school professionals. I have accumulated a vast body of knowledge about the personal, social, and other factors that cause people to behave in ways that bring individuals, and sometimes their families, before the Court.

Among other things, I've learned that it is not enough simply to jail the offenders,

or take children away from their parents sending them to other relatives or to foster homes. We need to dig deeper. We need not only to address the "symptoms" that appear in the courtrooms, but also the underlying causes that lead people to crime, violence, or addictions. This can be accomplished through court-ordered assessments and treatment, and most importantly through continued monitoring and follow-up by the Court or community-oriented organizations that can appropriately assist with these functions. (CASA is one such organization that provides invaluable service to the courts, at no cost to tax-payers.) As your District Court Judge, I plan not only to punish criminal behavior, but also to help the criminals become more accountable and responsible to our community and society; to help addicts get treatment; to protect victims of domestic violence, neglect, and abuse; and to do everything possible to return function to failing homes. I believe it to be our duty to reclaim the futures of those who may otherwise fall through the cracks and become lost.

The Judge's job does not end when the last docket item is completed. As a community leader, I feel it important that the District Court Judge should remain active in community organizations and events, and take affirmative action to assist those organizations in focusing and coordinating their efforts in order to provide services to people with issues like substance abuse, domestic violence, inappropriate parenting. I have always been involved in community service, and will continue to do so. ***This applies to every day of every year.... not just active in a political campaign.***

The values and convictions I was taught growing up, along with my faith, have guided my work as attorney, counselor, and advocate for parties of every kind in District Court cases, including victims, criminals, abusers, neglected and abused children, the mentally infirm, and families of the deceased. Such diverse experience has taught me to understand cases that arise in District Court from every angle. I plan to bring those same values and convictions, along with my diverse experience, to the District Court Bench when entrusted with the responsibilities of District Court Judge.

The Court must be fair and impartial to all who appear before it; and must be tough on crime while always treating every individual with the respect and dignity that they deserve. The Judge serving the community should be chosen by the community, not someone in Frankfort. I am confident that I can ensure the justice our community demands and deserves, and pledge to go the extra mile by doing everything in my power to hold wrong-doers accountable not only for their actions, but to make the wrong-doers truly wish to improve their ways. Our community needs positive change in order to preserve the serenity, peace, and way of life that we all enjoy, but I cannot accomplish this without your help....

it's time for the people to choose!

Kentucky Country Ham Breakfast & Auction Breaks Record and Raises Millions

Miss Kentucky 2014, Ramsey Carpenter, showcased the Kentucky State Fair's grand champion ham to bidders during the 51st annual Kentucky Farm Bureau Country Ham Breakfast and Auction.

Photo courtesy of Kentucky Farm Bureau

The Kentucky Country Ham Breakfast and Auction kicked off its 51st anniversary with a full house of elected officials and invited guests at the Kentucky State Fair. Sponsored by Kentucky Farm Bureau, the breakfast and auction is one of the signature events of the Kentucky State Fair and celebrates a proud tradition of showcasing superior-quality country hams.

The blue-ribbon winning ham was raised by Broadbent B&B Foods and weighed in at 15.89 pounds. The country ham sold for a \$2 million bid split by Republic Bank and Hermitage Farms in conjunction with Bridgeman Foods. The cost per pound was \$125,865.

The Kuttawa, KY-based producer has won the blue ribbon sixteen times since 1964. In addition, today's bid makes it the seventh time that Republic Bank has purchased the winning ham.

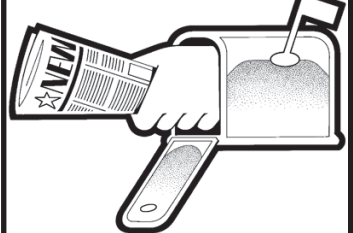

The annual breakfast fed a sellout crowd with more than 5,400 eggs, 400 gallons of milk, 30 gallons of sorghum, 20 gallons of honey and 450 pounds of country ham from Kentucky farmers. The festivities also included

appearances by local and state officials and speeches by Kentucky Farm Bureau President Mark Haney, Kentucky Governor Steve Beshear, U.S. Senator Mitch McConnell, Louisville Mayor Greg Fischer and Kentucky Agriculture Commissioner James Comer.

Since its inception in 1964, the Kentucky Farm Bureau has helped raise more than 8.85 million dollars for charity.

The Kentucky State Fair ran from August 14 to August 24 at the Kentucky Exposition Center. For more info visit www.kystatefair.org.
